To Whom it May Concern

Dear Sir/Madam,

I have worked closely with GSI Contract Services Ltd over the last 5 years and most recently on the Athlete Village as part of the Olympic development. GSI were appointed to do the fire protection works on two of the residential Blocks on the Athlete Village, N09 and N10.

After working with GSI on various previous projects they again provided exceptional expertise, quality and resources as required for this particularly challenging project.

Beside they have been exemplary with regards to Health & Safety throughout the projects I have been working with them. Their operatives have shown great commitment and flexibility which contributed hugely to finish the projects.

GSI have a proven track record within the Sisk supply chain of delivering on time and their input with regards to the fire protection details have been invaluable time and time again allowing us to get it right first time.

It has been a pleasure working with professionals and I am looking forward to the next challenges to come.

Yours faithfully

Eike Schwartlander
